

APRICITY SANCTUARY PROGRAM

ELIGIBILITY REQUIREMENTS

Homer's Fund has limited resources, and as such, only select cats are eligible to join our Apricity Sanctuary program. The following eligibility requirements are in effect:

1. **Age:** Any cat fifteen (15) years of age or older is eligible to apply. Any cat between the ages of thirteen (13) and fifteen (15) with significant medical impairment, as determined by Dr. MacKay and/or her designated authorized representative(s), is also eligible to apply.
2. **Medical impairment:** Veterinary records and/or other relevant documentation will be required to substantiate and characterize a cat's medical condition. The final determination of what constitutes significant medical impairment shall be made at the sole discretion of Dr. MacKay and/or her designated authorized representative(s).
3. **Proof of age:** Veterinary records and/or other relevant documentation will be required to verify a cat's age, within a reasonable level of accuracy.
4. **Temperament:** Any known issues with temperament/behavior, particularly aggression toward people or animals, must be disclosed during the application process. Behavioral issues will not result in automatic exclusion from the program, but must be taken into consideration in order for Dr. MacKay, and/or her designated authorized representative(s), to determine the best and most appropriate course of action.

All eligible cats will be given consideration, but not all will be accepted into the program. Any cat not meeting the eligibility requirements above will only be considered under extraordinary circumstances, as determined by Dr. MacKay and/or her designated authorized representative(s).

Acceptance into the program will be determined by Dr. MacKay and/or her designated authorized representative(s). All decisions will be final.
